# WELCOME !

AKHTER ALI

With over Nine years of professional experience in architectural working drawings. I have the skills and experience planning & detail designing, coordinating projects both in the public and private sectors. My communication, public relations, problem solving and leadership skills, combined with my knowledge of architectural codes, make me a valuable Draftsman and team member as well as 3d visualizer. I would like to have an opportunity in an organization where my skills would be of the greatest benefit to a company and for my own professional career. My experience and education background could contribute to a firm's goals of expansion and growth. I am willing to give total support the organization that I am in, with the experience and capability that I have, in order to achieve organization's goals and create mutual benefit

# RESIDENTIAL PROJECT OVERVIEW

## PROJECT OVERVIEW:

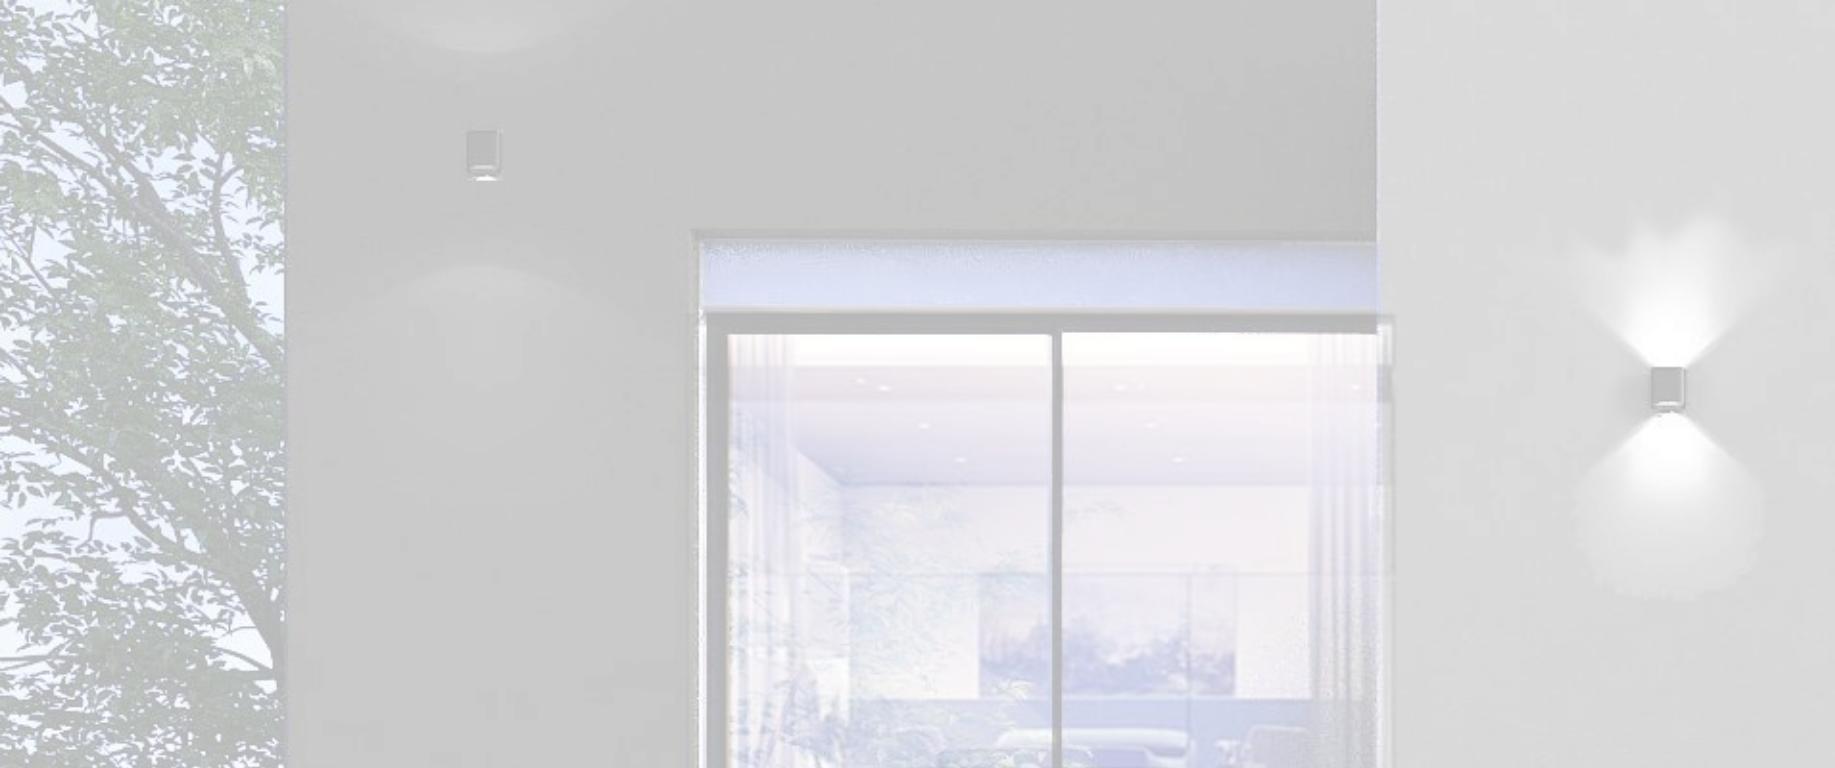

This residential project combines modern design with advanced technology, utilizing Revit for Building Information Modeling (BIM). The design focuses on functionality, space optimization, and energy efficiency, creating a seamless and sustainable living environment.

## Design Philosophy:

The project emphasizes clean lines, open spaces, and smart design, ensuring both aesthetic appeal and practical use. Revit's BIM capabilities allow for precise design coordination and efficient construction planning.

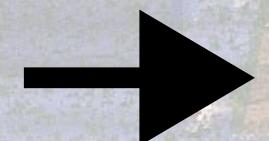

## BIM & Revit Integration:

Revit and BIM technologies streamline collaboration, ensuring accurate modeling, conflict-free design, and efficient material management, enhancing the overall construction process.

# COMMERCIAL PROJECT OVERVIEW

As a dedicated Revit Technician, Architectural Draftsman, and 3D Designer, I am currently working on an exciting commercial project that showcases my expertise in design and technical precision. This project is a blend of innovative architectural solutions and cutting-edge 3D visualization, crafted to elevate the client's vision into reality.

With an eye for detail and a commitment to excellence, I'm responsible for the development of detailed plans, 3D models, and comprehensive technical drawings. The project aims to create a functional, aesthetically pleasing, and sustainable commercial space that aligns with the client's specific needs and the latest industry standards.

I'm leveraging Revit's advanced tools for BIM (Building Information Modeling) to ensure efficient and accurate execution, while my 3D design skills add value in presenting the project in a visually impactful way. I believe in creating designs that are not only practical but also inspire creativity, providing an immersive experience for the client.

# FARM HOUSE CUTTING

## OVERVIEW

As a skilled Revit Technician, Architectural Draftsman, and 3D Designer, I am currently working on a high-end farmhouse cutting project, focusing on blending modern aesthetics with functional design. This project involves the meticulous planning and cutting of architectural elements to create a unique farmhouse layout that meets the client's specific needs while integrating sustainable design practices.

In this project, I am responsible for preparing precise technical drawings, including detailed floor plans, elevations, and sections, ensuring that every cut is accurate and aligned with the overall design concept. Additionally, I am utilizing 3D modeling tools to provide the client with realistic visualizations of how the farmhouse will look once the cutting and construction process is completed.

This project showcases my ability to translate complex design ideas into practical and visually striking outcomes, combining precision with creativity. I'm committed to bringing the client's dream farmhouse to life with thoughtful design and exceptional attention to detail.

# INTERIOR DESIGN PROJECT OVERVIEW

As a seasoned Revit Technician, Architectural Draftsman, and 3D Designer, I am currently working on an inspiring interior design project aimed at transforming spaces into functional works of art. This project is designed with the goal of not only enhancing the aesthetic appeal of the interiors but also maximizing the efficiency and usability of every corner, ensuring it perfectly aligns with the client's aspirations.

I am deeply involved in drafting precise floor plans, elevations, and sections that encapsulate the essence of the client's vision. My role also includes creating detailed 3D visualizations, providing the client with lifelike renderings that bring the interior design concept to life before construction even begins. This immersive approach allows for adjustments and fine-tuning, ensuring the final result exceeds expectations.

This project reflects my commitment to blending innovative design with practicality, creating spaces that are both visually stunning and deeply functional. Every design choice is carefully considered, focusing on bringing comfort, style, and modern elegance together. I am dedicated to delivering an interior that not only looks spectacular but also enhances the quality of life for those who inhabit it.

# Thank You for Viewing My Work

I appreciate you taking the time to explore my portfolio. Each project I undertake is an opportunity for me to blend creativity with functionality, transforming concepts into tangible, impactful designs. I am passionate about delivering innovative solutions that meet client needs while maintaining the highest standards of quality and craftsmanship.

Should you have any questions, or if you'd like to collaborate on a future project, feel free to get in touch. I look forward to bringing your vision to life with precision and creativity.
